

CORPORATE EVENTS & CASINOS

An eight-piece horn band built to fill a dance floor and clear a room's expectations

Brass Tracks Band plays the golden era of horn-driven rock, funk, R&B and soul — **Chicago, Earth Wind & Fire, Tower of Power, Blood Sweat & Tears, Stevie Wonder** — with a full professional brass section, not a keyboard patch. Founded in Cincinnati in 2013 around a world-class brass trio led by internationally acclaimed saxophonist Hal Melia. High-energy, all-ages, and a dance floor that fills before the first set ends.

WHY IT WORKS FOR CORPORATE & CASINO ROOMS

- ✓ **All-ages, clean show.** Nothing in the set that a corporate audience or a casino floor has to worry about.
- ✓ **Broad demographic reach.** The catalog spans four decades — the room's twenty-somethings and their parents are on the floor together.
- ✓ **Self-contained and professional.** We arrive ready, run our own show, and handle the room.
- ✓ **Formats that fit your night.** A **two-hour show** — two sets with a short intermission, or straight through — or a **three-to-four-hour multi-set format** for private events and galas, with breaks scheduled around your reception, dinner or awards.
- ✓ **Volume that fits the room.** A big sound that can sit under conversation or take the room over, as the night calls for it.
- ✓ **Repeat-booked.** Casinos and concert series bring us back season after season.

WHAT ROOMS SAY

"Generally we don't have dancers in the crowd but Thursday night was definitely an exception. You guys had those people moving! I heard nothing but positive comments."

**RIVER'S EDGE AMPHITHEATER
CONCERT SERIES**

"Brass Tracks had our guests up and dancing with a fantastic line-up of music. These guys are so talented and LOVE playing fun music!"

PRIVATE EVENT

"There's nothing like the power of a Rock Band with a full brass section."
